FEATUES

- The 50MP main camera is equipped with features such as AI scene detection and HDR, which can provide excellent details and rich and vivid colors in every shot.
- With smooth flat edges and a textured matte glass-like back, it shows a subtle color-changing palette under the light.
- Three stylish and saturated colors: classic and mysterious meteorite black, serene and charming tranquility blue, and gorgeous midnight purple.
- 4400mAh battery guarantees up to 277 hours of standby time, 24 hours of talk time, and 13 hours of non-stop TikTok playback time. 8.7mm slim profile and feather-light 184g weight
- 8MP front camera with built-in portrait enhancement function
- With the updated Android 13, the pure version has no ads or unwanted pre-installed software.
- The octa-core architecture strikes a balance between performance and power consumption, running most applications smoothly
- The 16 Pro comes with up to 8GB of RAM, as well as 8GB of virtual memory expansion, up to 256GB of internal storage and an additional 256GB of microSD storage, providing ample space for images, videos, files, games, or just about anything else.
