FEATUES

- Portable audio MIDI keyboard controller
Equipped with GEN2 MIDI keys for increased responsiveness and precision. Illuminate your performance with color-backlit pads, while semitone shift and high/low octave options expand your musical range. Navigate easily with joystick control, and explore new possibilities with the auto-accompaniment feature.
- Visual feedback, color-backlit pads provide intuitive visual cues, enhancing performance and creativity.
Expand your musical range, semitone shift and high/low octave options enable versatile exploration of melody and harmony.
- Intuitive control, seamless navigation with joystick control, while the auto-accompaniment feature adds depth and complexity to your productions.
