

48v Phantom Power adapter

SKU: 0110210

EAN:

FEATURES

- Provides reliable 48V phantom power for condenser microphones and transmits sound signals to sound cards, with a compact and durable plastic housing. Universal XLR input and output interfaces are compatible with a variety of microphone music recording equipment.
- Comes with an XLR audio cable, including high-quality XLR male and female connectors. Single-channel device with balanced microphone input and output interfaces, which can be connected to your microphone and mixer for line control. Power switch and LED indicator for easy operation. Simple to use, it is an ideal choice for stage and studio.
