

# 4k 60 fps Visualiser

SKU:

EAN:

## FEATUES

- HD teaching video booth  
180° adjustable, Type-C power supply interface, No external power supply required, High-speed and high-quality data transmission, Clever application, Comes with teaching tool software: functions such as line drawing, color adjustment, text input, eraser, etc. Can adjust multiple joints, overhead shooting, selfie upside-down shooting, any side shooting. Folding and rotating fuselage, the fuselage is small and foldable and easy to carry
- 12 Million pixels 4K, 30fps  
HD camera education and training video booth. 4K pixels +60FPS, Clearly display every frame, high-definition optical lenses, combined with a high rate of 60FPS, can easily solve the delay problem and restore the true color of the picture.
- Applicable to multiple application scenarios  
scanning of corporate documents and contract bills, quick scanning of archives in archives, electronic archiving, online trial display of evidence and materials in evidence center, campus classroom, test paper and textbook display, online course teaching, remote calligraphy, painting training, video shooting, video recording, photo sharing, etc., in addition to support a variety of live communication software

## SPECIFICATION

Image Sensor	12M/2.8" CMOS Sensor
Resolution	4000*3000@15fps, 4K.2K@30fps/1080P@30fps
Image File Format	High performance ISP
Power Input	DC5V 500mA, Type-C interface (DC supply)
Camera Lens	6, FF, distortion <6% DFOV=79 degrees
Aperture	F1.8
Focusing	PDAF, phase focusing, focusing time about 0.4 seconds
Depth of Field	10cm-Infinity
CCM Size	8.5*8.5*6mm (The specific module shall prevail)
Image Quality	Automatic (default)
Adjustment	
Anti-flicker	Support 50HZ/60HZ
Mirror Image	Support
E-PTZ	E-PTZ (1080P or lower resolution)

Image Quality	2D noise reduction
Enhancement	
USB takes	USB takes photos up to 12 megapixels
Audio	Optional: UAC Standard
Uc videe	UVC,compatblewith Windlows,MAS OS,Linux and Android  MJPEG:4000x3000@15fps ;3840x2160@30fps;2592x1944@30fps;2048x1536@30fps; 1920x1080@30fps;1280x720@30fps; 800x 600@30fps;640x480@30fps
USB Port	USB2.0 port, UVC/UAC standard protocol, powered by USB
Others	Extensible custom UVC directives
Appearance	Folding ype, plasticcase + metal aluminum parts
Measure	L*W*H:190*110*618(mm)
Weight	1.286KG
