

# EA161 Two Part Bluetooth Soundbar 40 Watt

SKU: 0110161

## FEATUES

● Unique 40 watt Bluetooth Soundbar that splits into two to make a single soundbar or two separate speakers - the ultimate solution for touchscreens. TVs or displays. Also available as a single non-splittable soundbar

● Standard looking Soundbar with wall mounts or use free standing on a desk or table or above or below a display, TV or monitor. Stereo 40 watts is the perfect match at 92 dBA for a standard classroom, meeting rooms or home theatre etc or with the table stands placed vertically alongside a TV or monitor

● wall mounted option

It's best trick is that it splits into two to make two separate stereo speakers that can also be wall mounted either side of a screen
