

EA183 100W Portable outdoor speaker IPX4

SKU: 0110183

EAN:

FEATUES

● Surround sound

Using bass diaphragm and full screen double horn, the combination of the two creates three-dimensional shock bass, and passion wave sound.

● Large capacity battery

Built-in 10,400mAh battery, high capacity battery lasts for about 8 hours at full volume and more than 12 hours at 50% volume, standby time up to 480 hours. Bright LED light effect, change with sound output.

● Double horn stereo

Powerful subwoofer, high volume output, excellent for noisy outdoor environments.

● Instrument input playing and singing together

Excellent portable design, creating a walking mobile KTV system. Supports a variety of musical input options, professionally guitar input port, independent volume and reverb depth control for maximum effect.

● 99 speakers can be used at the same time

The multi-unit network function, enables up to 99 speakers to be combined at the same time. Bluetooth transmission, wireless playback, wireless transmission at hi-fi sound quality, get rid of cable bondage, supports your tablet or smartphone.

● Very popular at Schools for indoor and outdoor events due to rugged portable design, wireless microphones and the ability to network several speakers together around the audience.

● Portable removeable trolley with extra tough outdoor wheels that can be locked to stop the speakers moving while playing
