EC48 12/16/24 Channel Mixer

Edis

SKU: EAN:

FEATUES

●Each channel has independent SIG level signal indicator PAD constant value, 4-channel COMP adjustable compressor. Built-in digital effects, DSP algorithm, 99 programming, PARAMETER controller, USB audio. Lossless USB music player, supports decoding formats: WAV, WMA, APE, FLAC, MP3

●Lossless USB music player, supports decoding formats: WAV, WMA, APE, FLAC, MP3, supports SD card, multi-track recording, dual-channel headphone monitoring, connects to a variety of devices for different occasions, powerful and rich compatibility, can connect to a variety of audio devices, easy to use

●Stage performances, weddings, parties, suitable for various stage performances, outdoor and other large-scale events, suitable for multi-scene use

SPECIFICATION

Line Channel	12	16	24
Distributed Class A microphone amplifier	6	10	18
Channel EQ	4	4	4
DSP Effects	99DSP	99DSP	99DSP
AUX SEND	4	4	4
Auxiliary output fader before and after	√	√	√
MP3 Player	√	√	√
48V Phantom power	√	√	√
Group Buses	4	4	4
Channelcompressor	4	4	4
Channelsignal light	√	√	√
12V operating light	√	√	√
High-pass filter	80Hz	80Hz	80Hz
Tape input	√	√	√
USB recording	√	√	√
Monitor output	√	√	√
Single channel output	√	√	√
Noise gate switch for the main channel	√	√	√
20db constant attenuation	√	√	√
Fader	100mm	100mm	100mm
Dimension L×W×H	400×455×130mm	500×455×130mm	700×455×130mm
Weight N.W	5.8 KG	7.1KG	9.9KG
