## FEATUES

### ● Stereo HD Audio Quality

These headphones feature an ergonomic headband design that automatically conforms to various head shapes, ensuring a comfortable and secure fit while effectively preventing any sensation of pressure or pinching.

● Equipped with large-sized dynamic drivers, they deliver exceptional audio resolution: powerful, deep bass is complemented by transparent, full-bodied mids and highs—bringing to life every rich and subtle sonic detail embedded within each note. Thanks to their clever foldable and retractable design, they are highly convenient to carry.
