# LED Interactive Dance and Play Floors

SKU: 0200147          EAN:

## FEATUES

The Edis LED Interactive Dance and Play Floors Interactive dance floors are very popular with children and are great for dental offices, pediatric centers, children centers, family/children oriented restaurants and for home entertainment and are a good attraction in Discos, night clubs and Karaoke bars too. The Interactive versions have an inductive IC inside the LED modules which sense the foot position, and then pass it back to the control system to display the corresponding image for games and dance images etc.Ideal for promotions such as corporate events or trade shows. The floor panels can create text effects along with abstract grapahics to attract visitors and provide informationattention.DNAFLOOR P12.5 P7.8 P4.8 Video dance floor great for special occasion, holiday, corporate events, weddings and dance parties. With video floors its easy to create virtually anything you can watch on a TV monitor on the entire floor. Audiences are treated to entertaining moving graphic can be played back on these floors with a computer.Available as fixed or mobile flooring for indoor or outdoor events.Human interaction, load-bearing wear-resistant, high-definition display, load-bearing capacity, not afraid of the car crush, arbitrary trampling.Protection level ≥IP6X Waterproof outdoor Copes easily with a whole variety of needs as well as waterproof for rain or spillages etc outdoor and indoor.High resolution brings exquisite and magical visual effects. Can be used in shopping malls, KTV, exhibition hall, stage and other occasions, interesting, experience, interactive options are amazing.
