

# USB Bluetooth Speakerphone

SKU: 0110181

EAN:

## FEATUES

Wireless bluetooth and USB wired connection, the pickup radius can reach 3 meters, suitable for small meetings of 15 squaremeters, distance teaching and video calls.

### ●4 mic array, 360°pickup

pickup distance is 3 meter(about 10ft), suitable for 15 square meters room.Low background noise, Professional digital noise reduction,effectively reduce ambientbackground noise.

### ●Sound enhancement

Automatic gain control, enhancevocals for louder and clearer sound.Usb wired and Blue tooth wirelesconnection, easy to install and use.

### ●Bidirectional noise compression

two-way noise reduction processing ofthe noise in the local space andreturned from the remote.2600mAH capacity, Large battery capacity, super longstandby time, exquisite and small,easy to carry.

## SPECIFICATION

Pickup radius	3m
Speaker volume	80dB
Pickup mode	360° all-round pickup
Voice sampling rate	16KHz
Reverberation time	< 0.5sec
Noise level	< -48dBA
Microphone signal frequency	100Hz-7KHz
Speaker signal frequency	100Hz-22KHz
Audio 3A algorithm	Echo Cancellation (AEC), Noise Suppression (ANS), Automatic Gain (AGC)
Intelligent Microphone Auto Direction Finding	Support
Technology (EMI)	
Full duplex echo cancellation, dynamic noise suppression	Support
