FEATUES

- VR headset with remote control, 3D glasses virtual reality headset for VR games and 3D movies, eye protection system for iPhone and Android smartphones. 720° surround Hi-Fi stereo headset VR headset, using high-quality leather and strong elastic sponge to make cushions, it is comfortable to touch your face. High-quality leather allows your face to "breathe", no longer too stuffy to use. Strong elastic sponge absorbs all the weight of VR. In addition, the enlarged and deepened nose design can perfectly fit a person's nose to avoid nose pain problems.
- Eye protection and comfort - The high-definition resin aspherical lens has been updated to be smoother and purer. It can completely eliminate the feeling of dizziness and provide you with high-resolution imaging and colorful visual events. It has a soft and breathable leather padding that makes you feel good even after watching for hours. VR headsets with this design can cool your phone quickly. No more stopping your phone from working due to heating problems. With ventilation design, it can be used for a long time
- This VR headset will let you enter the 3D virtual reality viewer to watch the latest Hollywood blockbusters or play virtual reality games anytime, anywhere.
